

Hopkinton Stone & Garden is happy to be open for business! In order to respect health safety concerns we have a safe and fast sales process:

- You are welcome to visit our open air sales yard. All of our plants can easily be seen from your vehicle. Please respect social distancing as you view our large selection of trees, shrubs and perennials. A team member will help with your selections from a safe distance.
- There's no need to enter the office. Our staff will bring your receipt to the register. Credit cards will be processed over the phone and receipts will be emailed
- We are also accepting phone and email orders. Pictures and FaceTime video allows us to provide plant selection service that ensures you get the plants you need, to be delivered or for curbside pickup.
- As always, we provide delivery and installation of our plant material. What a quick and easy way to make a big impact in your home value!

We take your health and safety very seriously and will follow all recommended protocols to keep you safe and get those landscape projects completed.

Wishing you a safe and productive 2020 season!
